

# TIPPER TRAILER

## AGRICO 6.3 T TIPPER TRAILER

### Tough, versatile and durable

A light yet robust trailer, the Agrico tipper trailer can handle loads of up to 6.3 tons while maintaining maximum maneuverability. Our heavy-duty tipper trailer lets you transport and dump gravel, sand and rubble with ease while keeping fuel costs to a minimum.

### A hydraulic tipper for heavy loading with minimal effort.

- The Agrico Tipper Trailer has a 6.3 t loading and tipping capacity.
- Tipping is done with single, centrally placed hydraulic cylinder
- Its 400/60-15.5 tyres gives the trailer excellent flotation.
- A low 560 mm floor height offers a low centre of gravity, extra stability and easy loading
- The robust load body is made of 4 mm high strength steel and offers durability and longevity.
- A wide wheel track of 1600 mm provides excellent stability on slopes and when turning and tipping.
- A short drawbar of 100 x 150 tubing gives excellent manoeuvrability and strength.
- No commercial quality steel is used; only high-tensile steel for durability.
- A reinforced heavy duty axle ensures that the Tipper Trailer will serve you for many years to come!

More than 100 years of service

# MOVE YOUR MOUNTAINS

The Agrico tipper trailer is a lightweight and fuel-efficient tipper with a high loading capacity of 6.3 tonnes. A low trailer weight with a high payload ensures low fuel expenditure, without sacrificing the strength and grit that make our tippers so popular.

## SPECIFICATIONS

### 6.3 t TIPPER TRAILER

|                                |                     |
